## WORK EXPERIENCE

### Procom

Product Designer

MARCH 2018 - PRESENT

At Procom I worked on redesigning and developing components libraries for multiple web applications. I also led a prototyping team that developed new product concepts.

### Leade.rs

Lead Product Designer

JANUARY 2017 - DECEMBER 2017

Leade.rs connects high quality technology speakers with event organizers. I designed applications for the Web and iOS from the ground up.

### Zoosk

Product Designer

JULY 2015 - DECEMBER 2016

While at Zoosk I worked on both our labs and the main application design teams. I had a chance to design interfaces for Web, iOS and Android which are used by millions of people.

### Freelance

Mobile and Web Consultant

MARCH 2011 - PRESENT

I consult startups and help them craft elegant and delightful digital experiences for web, iOS and Android applications.
